Name: _____

Date: _____

Marks: _____

Read the passage and answer the questions.

The Little Gardener

Rohan loved spending time in his grandmother's garden. Every morning, he watered the plants before going to school. One day, he noticed a small, dry plant near the garden gate. Its leaves were turning yellow. Rohan carefully planted it in fresh soil and gave it enough water. He also placed a small stick beside it to help it stand straight.

For several days, Rohan looked after the plant. He made sure it received sunlight and water. Slowly, new green leaves appeared. A few weeks later, the plant had beautiful yellow flowers. Rohan was very happy. His grandmother praised him for being patient and caring. She told him that plants, like people, need love and care to grow.
